

Butterfield wins Wealthbriefing Asia award

Jun 22 2021

Butterfield, a leading, independent offshore bank and trust company, is proud to have been awarded the ‘Best Institutional Trust or Fiduciary Company (SEA)’ in the 2021 Wealthbriefing Asia Awards, having also received the accolade in 2020.

The prestigious Wealthbriefing Asia Awards highlight first class performance and innovation within the private wealth sphere in South East Asia. In awarding Butterfield, the judges commented on its impressively seamless approach to servicing the influx of family offices in Singapore and the increased philanthropic endeavours of its Asian clients. The judges also recognised the stability Butterfield brings in an industry where the competitive landscape has altered by private equity ownership.

Jane Pearce, Butterfield’s Group Head of Trust, said: “Butterfield has been servicing trust clients in Asia for more than two decades and many clients describe our services as ‘big enough to matter, but boutique enough to care.’ Maintaining our clients’ trust by keeping our promises and delivering on our commitments is at the very heart of what we do, and it is something we pride ourselves on. Winning this award for the second year running reflects the commitment of our team and the strength of the bespoke solutions we provide.”
