

Butterfield Launches Digital Account Opening

Feb 03 2026

Hamilton, Bermuda—03 February 2026: Butterfield has launched a digital account opening service for personal banking clients in Bermuda, meaning residents can now apply to open a new bank account online and without the need to visit a Banking Centre.

Using the digital application form on Butterfield’s website, residents can apply for chequing, savings, fixed term deposit or supersaver accounts from the comfort of their own home and in as little as 15 minutes. The application process includes the ability to securely upload identity verification documents and to use electronic signatures.

The launch of the digital service means existing Butterfield clients are also able to provide any requested documentation to complete periodic reviews digitally, removing the need to provide physical or certified copies.

Jody Feldman, Managing Director of Butterfield in Bermuda, said: “Digital account opening is the latest example of how we are working to better our everyday banking experience. By introducing this technology, we are able to streamline the onboarding process and offer an effortless account opening experience.”

With a Butterfield bank account, clients can gain access to a full world of financial products, including Butterfield’s rewarding AAdvantage[®] Mastercard[®] credit cards.
