

Payment solutions, by **BUTTERFIELD.**

Find the right Point of Sale Terminal &
E-commerce options for your business.

Receive payments quickly and easily with Butterfield.

As a business person, you know that offering choices is key to attracting and retaining customers. But the choices you offer shouldn't be limited to your range of products and services, it should include payment options, too. Offering customers various ways to pay will not only broaden your potential market, it will help you improve cash flow and increase the average value of each sale.

At Butterfield, we provide a range of competitively priced countertop and wireless Point of Sale (POS) terminals and e-commerce payment solutions to help you offer your customers added choice and convenience. By partnering with the world's largest credit card processor, Fiserve, Butterfield makes it quick and easy for you to accept and receive settlement on Visa[®], Mastercard[®], Discover[®] and American Express[®] payments.

Benefits of becoming a Butterfield merchant include:

- access to innovative and effective payment solutions at competitive prices
- reliable Help Desk support 365 days a year
- assistance from experienced relationship managers who can help you determine the best payment solutions for your business
- around the clock, web-based access to your business's transaction information

Point of Sale (POS) IP Terminals

Our user friendly, point-of-sale device is designed for merchants requiring compact countertop payment hardware that delivers fast transaction authorisations. All that's required is an Internet connection.

Mobile and wireless payment solutions

Butterfield's wireless options allow you to accept debit and credit card payments no matter where you are on the island. Today's fraud-sensitive consumers will value the added security of paying for purchases without losing sight of his or her card, and your business will enjoy reliable, around the clock technical support.

E-commerce

Butterfield offers e-commerce solutions that are designed to help merchants in Bermuda accept payments over the internet, securely and efficiently. Our knowledgeable and experienced team can assist you with finding a suitable Payment Gateway solution that will be easy to use and that can be integrated seamlessly with your website.

Business reporting tools

Secure and easy to use, Butterfield's online business reporting tools provide you with instant access to your business's card transaction information.

Benefits include:

- direct access to information on a 24/7 basis; no need to contact the Bank
- easy point and click functionality

Available reporting options:

- batch deposit information and transaction details
- chargeback data
- retrieval information
- review cardholder transaction activities
- ability to export statement data to Excel for reporting purposes
